70% to developers, but I wouldn't announce it. looks like I have to go fight legal.

PS -- you control the japan messaging. "japan team" shouldn't be creating the messaging for android. Please forward this message as appropriate.

Want to make sure I understand your direction so that we can figure next steps on your guidance of 70% for developers worldwide.

Thanks
Eric

Hi Andy,

What about DCM? Does this apply to DCM also? DCM current rev share with their developers is 91/9. We've been thinking 90/10.

Thanks
Eric
